

Bruce Township Planning Commission

March 7, 2017

The election of Officers was completed in January. Ward Pulfrey will serve as chair, John Hillock will serve as vice chair, Marg. Mitchell as secretary, Jeremy Mclean will serve as commission member and Dan Rogers as the Township Board Representative. We plan on meeting at least four (4) or more times in 2017 to address updating the Master Plan. At our future meetings, we will review the Master Plan and Zoning Ordinance to discuss potential language changes to the side setbacks in non-compliance sites and other items that could affect the community or the Master Plans proposal for the Bruce Township future land uses. With community help and input, we will continue to keep Bruce Township a great place to live for all.

By Ward Pulfrey, Chairman
